Subject: Meeting to discuss Proposed City of Los Angeles Street Vending Legislation
Importance: High

Hello,

As you all know, the City of Los Angeles has held a series of public meetings to solicit input regarding a proposed City-wide street vending policy. As the City reviews possible options, there are questions about the impact to large public assembly venues and existing entertainment districts.

In anticipation of the City advancing a proposed policy, we thought it would be helpful to convene a group of stakeholders that may be impacted by such a policy. We have also invited representatives from Central City Association who have been monitoring the issue to participate and provide an update on the legislation.

Please let me know if you can join us on **Tuesday, February 9 at 9:00 a.m.** to discuss this topic. The meeting will take place at AEG's corporate headquarters located at **LA LIVE -800 West Olympic Blvd., Suite 300 Los Angeles 90015**. The entrance to our office is located on the plaza level between Starbucks and the Yard House restaurant. Please check in with security on the ground floor who will then direct you to our third floor receptionist.

Parking is available in the Olympic East underground parking garage located off Olympic Blvd. at Francisco Street. When you pull into the parking structure, please pull a ticket and we will provide a parking validation for you at the meeting. Please rsvp your participation to Melisa at www.msterner@aegworldwide.com.
